SMART THERMOS WITH  
BOILING ABILITY  
Anytime, Any where

Boil water to  
make a fresh brewed coffee  
whenever you need

Boil water in your Smart Thermos  
with lack of time,  
or accessibility to electricity

## Intelligent temperature control chip

Built-in intelligent temperature control chip, real-time display of water temperature, drinking water to prevent hot mouth

Touch display  
Tritan+UV anti-scratch  
paint

Cup liner  
Food grade Tritan

Seal ring  
Food grade imported  
meteorological glue

Cup cover body  
New environmentally  
friendly ABS

Tea leak  
304 stainless steel

Cup body  
304 stainless steel  
smooth cup mouth

# BOIL WATER TO MAKE BABY FORMULA

For your beloved child  
even out of home

what you need to be relax except of a herbal tea?

## SINGLE-USE FOOD CONTAINER WITH WARMING ABILITY

Take away cafe and restaurant can serve their food or coffee for their on-the-go customers. in this fast moving life-styles people prefer on-go food and drink and ability to warm their content can enable them to enjoy their food every time, everywhere.

## SMART LUNCHBOX WITH WARMING ABILITY

Every day you need to heat your food. imagine a student, an employee, a far-distant worker, a soldier, etc. who should warm their food or soup and there isn't any accessibility

Sometime lack of time hinders you to get ready your food ASAP.

## CAN WARMER FOR BEVERAGE CANS

Although former technology that called "Hot When You Want" had a lucrative market, it has been discarded.

According to the most famous company's marketing director, the 2 main problems was.

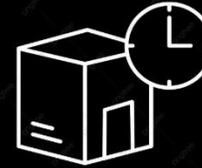

1. People were disappointed to see the content volume, because the heater mechanism was too bulky.
2. The technology didn't get hot enough in cold weather

# Features

## BOILING ABILITY

Boil water to brew Fresh Coffee and Infant Formula

## SIMPLE & FAST

Twist, wait for 2 minutes, Enjoy!

## REASONABLE & SUSTAINABLE

The product can be recharged by a single-use Energy tablet that is CO2 free

## RELIABLE & LIMITLESS

Works from -50 °C to 100°C  
Without blasting potential

## SMART & LIGHT WEIGHT

Intelligent touch screen thermometer  
Small and light weight Energy tablets

## WASHABLE & DOUBLE WALL

Water resistant and water proof  
Keeps the temperature up to 24 h
